Data collection

Altram will use the data gathered from your contract and membership form to collate information about your setting. Information is inputted into a database and informs post visit reports on your setting. This helps Altram to build up a picture of the Irish-medium early years sector and lobby on behalf of the sector. It provides a snapshot which can inform strategic reports on the sector such as the State of the Sector report which Altram published in 2017. It also helps the early years worker and manager to monitor progress and identify and address issues and needs within settings. Details of Altram's privacy notice can be seen at: <https://www.altram.org/seirbhis%C3%AD-do-bhail-altram>.

Altram databases are updated on a monthly basis. If there are staff changes within the setting, details will be removed for the former member of staff or committee member and details of new personnel will be added to the database.

On occasion, and with consent, Altram may forward details to a third party for, e.g. research purposes.

You can access the information Altram holds about you by contacting the manager at: eolas@altram.org. You have the right to rectify the information Altram holds about you.
